Dear Mr. Stelle: *Will*

As you know, the Adaptive Management Implementation Plan required the development of a Rapid Response and Long Term Contingency Plan. I am pleased to inform you that the Plan is now complete. This Plan is a joint product of NOAA and the Action Agencies and we believe it enhances the precautionary aspects of the FCRPS Biological Opinion. It has been developed with input from our partners in the Regional Implementation Oversight Group. The Plan and our responses to comments received on the draft plan are enclosed.

Sincerely,

*F. Lorraine Bodi*
